

CASA DE NABAIS

# CASA DE NABAIS LOUREIRO

Casa de Nabais Loureiro originates in the Lima Valley, within an Atlantic-influenced setting where freshness and precision define the style. It is a direct interpretation of the variety, focused on aromatic purity, tension, and expression of place.

## TERROIR

Located in Seara, Ponte de Lima, the wine comes from vineyards exposed to Atlantic influence, with fine-grained granitic soils of variable drainage. Constant valley ventilation promotes slow ripening, preserving acidity and aromatic definition.

## VITICULTURE

High-density vineyards with permanent ground cover and no use of herbicides. Emphasis on vegetative balance and preservation of soil life.

## WINEMAKING

Manual harvest in small 20 kg crates. Short distance between vineyard and winery. Skin maceration for approximately 4 hours. Gentle pressing using a pneumatic press. Static settling followed by temperature-controlled fermentation in stainless steel.

## MATURATION

Aged on fine lees with regular bâtonnage to enhance texture, complexity, and natural stability.

## AGEING POTENTIAL

Expressive in youth due to its freshness and aromatic profile. Gains definition and integration with bottle ageing.

## FOOD PAIRING

Grilled fish, seafood, salads, or as an aperitif.
